

Civil Engineering Project of the Year

The Kansas City Section of the American Society of Civil Engineers will recognize a “Project of the Year” for 2016. This is an annual tradition to recognize the important contributions to our lives and lifestyle that are provided through civil engineering projects. In order to be eligible, the project must have been substantially complete by December 16, 2016 and have been constructed in the KC Section area. The award will recognize the Owner, Civil Engineering firm of record and the General Contractor. The award will be given to the project that is most exceptional in the Civil Engineering design aspects in at least one of the following categories:

- New or innovative technologies, design, or construction.
- Creative Solutions
- New or refined methodology applied to the Project to enhance sustainability

The Project of the Year will be chosen based on information submitted. The selection committee may ask additional questions during the selection process, at the committee’s discretion, to clarify specific points or gather additional information.

Submittal Requirements:

- 1-3 pages in length on 8.5” x 11” paper, single sided
- Submitted in either electronic .pdf format or in hard copy.
- Submissions may be by email or hand delivery. A .pdf delivered on CD or other common storage medium is also acceptable.
- Include organization and contact information for Project Owner
- Include firm and contact information for Civil Engineering firm of record
- Include firm and contact information for General Contractor
- Include project cost
- Include a description of the project and how it demonstrated exceptional Civil Engineering.

**Submittals will be accepted beginning January 9, 2017
and shall be delivered prior to 4 PM on February 9, 2017 to:**
