

Senior Civil Engineer – Throughout Kansas Locations (Remote DOE)

Tasks:

- Develop and QA/QC Plans for site development and public improvement projects.
- Coordinate and complete project studies, reports, calculations and other similar design related assignments.
- Meet and correspond with clients and project stakeholders.
- Mentor and provide guidance to less experienced staff.

Experience: Experience must include site planning, grading design, drainage design, erosion control and storm water pollution prevention design, utility design including private connections and public storm, sanitary and water main extensions. Applicant should understand the planning process, entitlement rights, traffic engineering, access management, geotechnical engineering and environmental regulations that may affect the development or property for residential, commercial or institutional development projects.

Applicant will be required to work with internal project team consisting of project design engineers, intern engineers, surveyors, geotechnical engineers and drafting technicians to complete project deliverables in accordance with client schedules and project budgets. The position will require working with planners, architects, landscape architects, structural engineers and MEP engineers and other project stakeholders outside of the organization. This Applicant will be involved with preparing project budgets and proposals, project management, client invoicing, client satisfaction, and client base development.

Qualifications: Applicant must have a BS in Civil Engineering from an accredited program and have a Professional Engineering License in the State of KS, MO or the ability to obtain a license in these states within 60 days of hire. Consulting experience is preferred. Knowledge of AutoCAD Civil3D is required. 3 years of relevant experience managing and navigating the completion of projects is required. Experience in municipal engineering policy and procedures is a plus.

Benefits: Salary range is \$100k+ with employee benefits including health insurance, dental insurance, paid vacation, paid sick leave, 401(K) matching and bonuses based upon employee performance.
